**Attachments:** 2017.9.01 FEMA R6 WARReport 35 Harvey.docx

Attached FEMA R6 WAR Report 35.

**BOTTOM LINE UP FRONT:**

- Potential media coverage of release of chemicals from a chemical plant in Houston, TX (Harris County) due to flooding
- FEMA Region 6 RRCC remains at a Level 1
- Texas EOC remains at Level 1

**SITUATION:**

- This morning at 10:30am CST, Channel Biorefinery and Terminals in Houston (Harris County) reported a 100,000 gallon release of glycerin and 80,000 gallon release of methyl alcohol (methanol)
- EPA has been notified and is responding and USCG has conducted an overflight
- Glycerin and methanol exposure causes irritation with only minor residual injury
- There were no injuries reported at this time
- EPA plans to investigate impacts via aerial resources

**ACTIONS/FOLLOW UP:**

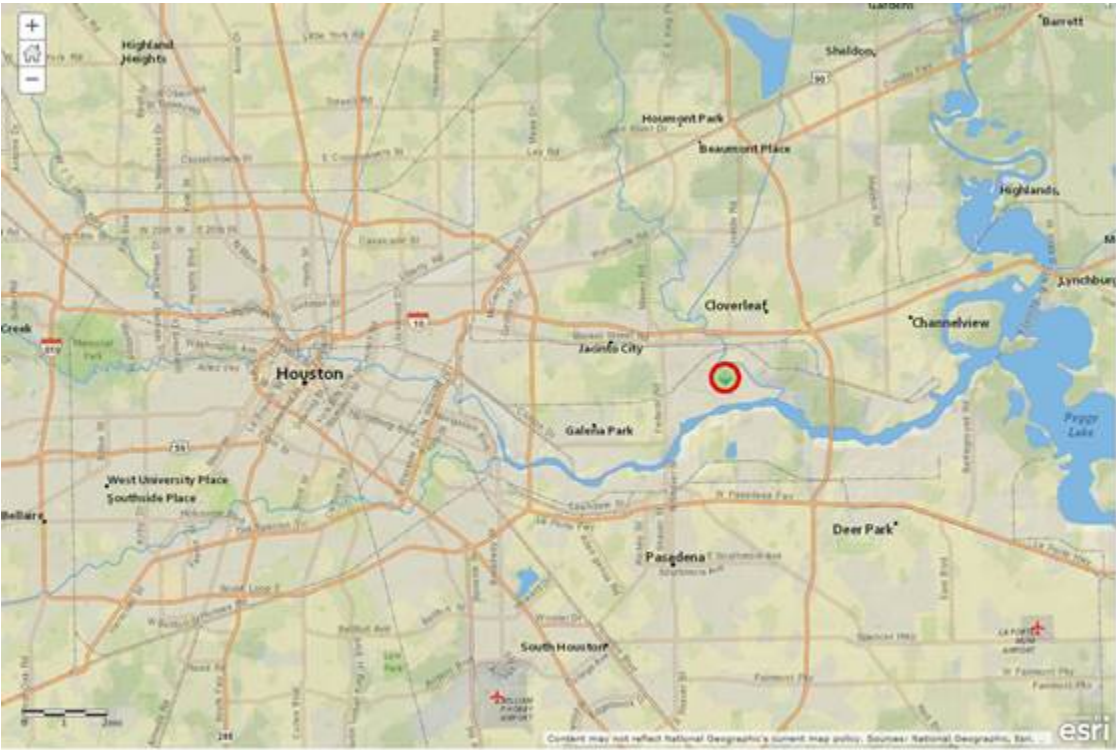

- R6 RRCC SAS will monitor and report as necessary

**SOURCE OF INFORMATION:**

- EPA –NRC

**PREPARED BY:**

- FEMA Region 6 RRCC SAS, 940-898-5428

Thank you,

DOC-U Team
